PROFESSIONAL EXPERIENCE

Junior Web Developer
Right Communication Group October 2023 - July 2024
- Designing and developing custom WordPress themes from scratch using HTML, CSS, JavaScript, and PHP.
- Building websites that adapt seamlessly to different screen sizes and devices within the WordPress ecosystem, ensuring a consistent user experience across desktops, tablets, and mobile devices.
- Using Figma to facilitate design reviews and feedback sessions with clients and project managers, ensuring that design elements align with project requirements and client expectations before and after website implementation.
- Collaborating with web designers and Japanese project managers to deliver high-quality websites that meet client specifications.
- Creating and customizing WordPress plugins to extend functionality and meet specific project requirements.
- Utilizing Trello for project management, including task organization, progress tracking, and team collaboration to ensure project milestones are met effectively and efficiently.
- Troubleshooting and debugging WordPress issues, including compatibility problems and plugin conflicts.
- Conducting code reviews and ensuring adherence to coding standards and best practices.
- Staying updated on the latest WordPress trends, technologies, and best practices to continually improve skills.

Technical Sales Engineer Intern
Dahua Technology (HK) Limited (Philippine Representative) April 2023 - August 2023
- Underwent DHSA training supervised by certified instructors.
- Assisted all technical engineers and channel sales to properly implement ideas to complete significant projects and provide all technical and engineering support.
- Collaborated with customers to understand their technical needs and offer solutions using the company's products.
- Conducted product demonstrations and presentations to potential and existing customers.
- Participated in after-sales support such as maintenance and troubleshooting.

PROJECTS

JCAS Sports Alley
Front-End Developer 2024
